## *A Guide to School Contributions and Charges for 2024*

The West Australian School Education Act outlines how contributions and charges should be requested from parents. Schools must outline all contributions and charges that parents will incur each year.

### **1. Voluntary Contributions** *\$60.00 per child*

The next page lists how we use this contribution at Newton Primary School; your prompt payment, at the beginning of the school year, or even a portion of this contribution assists the School enormously. You can pay directly to the office by cash or cheque or by depositing using the details below:

**BSB:** 016 454

**ACC:** 3408 44234

**Please add the narrative:** Your child's name and (VC)

*Please do not pay before 2024 due to department accounting constrictions.*

### **2. Charges for extra cost optional items** *Cost varies per child*

These amounts vary from year to year. Students will only incur costs when they are involved in the particular activity. The amounts indicated on the next page indicate the maximum possible charges for each activity.

Charges could be for two optional elements. One relates to specific learning activities directly linked to the classroom or school program. These activities are available to **all** students, but are conditional upon a payment being made (e.g. visiting performers).

The second type relates to specific learning activities that are available to **selected** students, again conditional on a payment being made (e.g. School of Instrumental Music Program).

### **3. Personal Requirement** *Cost varies per child*

A personal requirements list is prepared by the class teacher prior to the beginning of the school year. This is a list of all the items your child will need for their personal use in class.

### **4. Optional Costs** *Cost varies per child*

These include uniforms, graduation activities and social or other events your child may participate in. They may not directly relate to a class or school education program. See over for anticipated costs.

*Please see over for determination of charges or contributions for materials, services and facilities in relation to educational programs at Newton Primary School for 2024.*
